

GOVERNANCE

Phase II: Stabilizing Governance

Activity: Position Descriptions for Elected Leaders

Goals

1. Create, update, or confirm position descriptions for elected leaders
2. Help elected leaders and community members understand the roles and responsibilities of each elected position
3. Facilitate succession planning

Prerequisites

None

Who Should Participate?

Current Governance participants

Length

90-120 minutes

Activity Instructions

1. Determine what positions are necessary as the program continues to mature.
 - a. Review the core decisions that the team has to continue to make
 - b. Review the current decision-making model
 - c. Determine if your program needs more or fewer elected leaders to be responsible for making those decisions
 - d. Roughly determine who will be responsible for what in order to avoid overlaps or gaps in functions
2. For new roles or existing roles that don't have position descriptions, create position responsibilities for elected leaders. Sample elements are included on pages 2-4.
3. For existing roles that already have position descriptions, review and revise position responsibilities for elected leaders as necessary. Make sure to have leaders in those roles weigh in on what they actually do, in addition to what is in the official description.
4. Add additional details to ensure program continuity such as:
 - a. Term length and limits
 - i. It may be best to have shorter, one-year terms given your community. Or it may be more helpful to have longer terms especially if there is more complexity in the role that people need time to master and become comfortable.
 - b. Required qualifications, if any.
 - i. Consider your goals. Do you want high level strategic thinkers with extensive financial experience? Do you want more tactical people or those with a specific skill set?
 - c. If this leader is not available, who can make decisions during an emergency?
 - d. Do you want to have "Chair Elect" or Vice Chairs that automatically ascend to become Chair? That can provide continuity or can limit options.
