Activity: Catastrophizing: Tech Edition (Part Two)

Activity Instructions

2. For at least each high likelihood / high impact catastrophe, talk through the following questions. The template on page two may help organize your thoughts.
   a. What is the catastrophe? What is your definition of the problem?
   b. So what? What are the actual and potential implications?
      i. Think about balance between being prepared and being practical.
   c. Now what? What actions could/should we take going forward?
      i. Are there short-term solutions that can take place while longer-term solutions are being worked on?
      ii. Can we identify stakeholders we can reach out to for help?

3. Once the template is filled in for at least all the elements in the high likelihood / high impact elements, share with program leadership for discussion and/or development of an action plan.

Goals

1. Turn the issues identified in Part 1 of Catastrophizing into actionable plans.
