5. Map stakeholder groups with nascent activities you want to support (template below). You can take the time to go through this with all stakeholder groups, but you may want to focus on prioritized stakeholder groups.
6. Use sticker vote to choose 2-3 activities to pilot over the coming year.

Draft materials produced for ITAV in Practice © LYRASIS; Final materials will be released under a CC BY license.
In a sticker vote, each participant is assigned a number of stickers - these can be physical stickers in an in-person event or a specified piece of text (e.g. +1) in a virtual environment. Participants place their stickers or text alongside the options they’re voting for, according to the parameters of the exercise (e.g. most important, most likely, most interesting, etc.).

7. Document decisions so everyone is clear on why you chose as you did.
