

## Preliminary question

- How do you normally do research using the catalog?

## Tasks (prototype first)

### *Prototype*

You have searched for the book “Dune” in the library catalog. You are viewing the page for one of the search results at <http://dev-hjk54.library.cornell.edu/catalog/575725>. Please go to this page.

- If this particular item is checked out in the library, find other options for checking out Dune items.
- Find a Dune item which is an online resource.
- Find a Thai translation of Dune. Is this translation available to check out?
- Find the first Dune sequel by Frank Herbert.
- Find the last Dune sequel by Frank Herbert.
- Find a movie adaptation of Dune.

### *Library catalog*

You have searched for the book “Dune” in the library catalog. You are viewing the page for one of the search results at <https://newcatalog.library.cornell.edu/catalog/575725>.

- Please go to this page. If this particular item is checked out in the library, find other options for checking out Dune items.
- Find a Dune item which is an online resource.
- Find a Thai translation of Dune. Is this translation available to check out?
- Find the first Dune sequel by Frank Herbert.
- Find the last Dune sequel by Frank Herbert.
- Find a movie adaptation of Dune.

## Follow up questions

- Which of these tasks do you currently do when researching or looking for resources? Which of these tasks would you not do? Would you please explain why?
- Would any of these features be useful to you in how you search or do research?
- Do you have any suggestions or feedback about any of the features you saw?
