# committed to our digital future

**MISSION** DuraSpace (DuraSpace.org) is an independent 501(c)(3) not-for-profit organization providing leadership and innovation for open technologies that promote durable, persistent access to digital data.

**OUR PROJECTS** We put global, strategic collaborations together to sustain **DSpace** (DSpace.org) and **Fedora** (FedoraRepository.org)–two of the most widely-used repository solutions in the world–and **VIVO** (VIVOcollab.org), a semantic web platform that provides an integrated view of the scholarly work of an organization. More than 2,000 institutions use and help develop our open source software in partnership with DuraSpace.

**HOW DURASPACE HELPS** **Technical Leadership**, DuraSpace's dedicated and skilled technical staff guides the open source development process by providing leadership and oversight; **Sustainability Planning**, the DuraSpace executive team helps plan for the long-term success of supported projects; **Fundraising**, DuraSpace coordinates an annual membership campaign to engage the community in sustaining our open source projects; **Community Development**, our innovative programs foster collaboration and professional development to build capacity in our global user communities; **Marketing and Communications**, web publishing, printed materials, email distribution, social media, webinars, and face-to-face events leverage our growing communications network on behalf of our communities; **Collaborations and Strategic Partnerships**, DuraSpace experts look for opportunities to leverage our software and services to benefit our communities; **Administration**, projects without organizational affiliation benefit from DuraSpace administrative support.

**OUR SERVICES** DuraSpace is your partner in developing innovative solutions to meet access, preservation and discovery challenges.

- DuraCloud (DuraCloud.org) an easy and cost-effective way to archive, share and manage content in the cloud.
- DSpaceDirect (DSpaceDirect.org) is a turnkey, hosted repository service.
- ArchivesDirect (ArchivesDirect.org) is a complete, hosted digital preservation service that combines Archivematica and DuraCloud.
