Customizing and extending Hyrax for USDA publications

Tahir Poduska  •  Ashley Shea  •  John Fereira  •  Darcy Branchini  •  Lynette Rayle  •  Kevin Kidwell  •  Alan McCarty

SUCCESSES

- Ease of using Hyrax model for USDA agency publications
- Blacklight search interface using custom facets
- Integration of authorities for controlled vocabulary

CHALLENGES

- Maintaining our customizations through Hyrax upgrades
- Fedora performance/clustering
- Reconfiguring the form to create a work based on user testing feedback
