DevMtg 2012-04-18

Developers Meeting on Weds, April 18, 2012

Agenda

Regular Items

- JIRA Catch-Up – starting with issue DS-986
  - Search for all Unresolved Issues (since DS-986)

Reminder: The (Face-to-Face) DSpace Developers Meeting at OR12 in Edinburgh will more than likely be on Monday, July 9.

Discussion Topics

1. Quick FYI: Tim will be out-of-office next week (April 25) at a DuraSpace All-Staff Meeting. Volunteer to lead meeting on April 25?
2. 3.0 Release Planning
   - Features to add to the "possible features" list? Other topics to discuss around 3.0?
   - Wondering if we want to schedule a "Special Topic" meeting (perhaps even via a Skype voice call) to begin to brainstorm/plan 3.0 features?
3. GitHub Migration
   - Tim updated [DSpace + NetBeans IDE instructions](http://wiki.duraspace.org/dspace/wiki/GitHubMigration) for Git/GitHub. We could use similar updates for [IDEA](http://www.jetbrains.com/idea/) and [Eclipse](http://www.eclipse.org/) (any volunteers?)
   - Any thoughts on [DSpace + Git Development Model thread on dspace-devel](http://lists.duraspace.org/pipermail/dspace-devel/)?
   - Any "best practices" we’d like to start with and add to: [Development with Git](http://git砂浆.com)

4. Other topics?

Additional Ongoing Topics

1. Brainstorming Features/Changes for 3.0. Can we work towards development teams around any of these projects?
   - Larger DSpace projects which seem to have a lot of recent support:
     - Moving towards a Common "Business Logic" / Business Services API. (I.e. avoiding duplication of business logic in all UIs)
     - [Metadata For All](http://wiki.duraspace.org/dspace/wiki/MetadataForAll) (i.e. metadata on all objects). SubTopic: Getting us up-to-date how we use Dublin Core / DCMI. (Support from DCAT)
   - Other DSpace projects receiving mention recently
     - [Migrate Search and Browse to DSpace Discovery](http://wiki.duraspace.org/dspace/wiki/MigrateSearchAndBrowse)
     - "Change which UIs come out-of-the-box" (and which are optionally installed later)
     - [Move configurations to DB or similar](http://wiki.duraspace.org/dspace/wiki/MoveConfigurations)
     - [Context Guided Ingest](http://wiki.duraspace.org/dspace/wiki/ContextGuidedIngest) (or Item Type based submissions)
     - Other [Development Proposals](http://wiki.duraspace.org/dspace/wiki/DevelopmentProposals)

Individual Status Updates

If you have status items to report, please enter them below at least 1 hour before the meeting starts.

Meeting Notes

Meeting Transcript

Action Items

Action items coming out of this meeting go here, if any.

- TODO - Update the [ReleaseCoordinating](http://wiki.duraspace.org/dspace/wiki/ReleaseCoordinating) page to better outline Release Processes
  - Add "Update this document with lessons learned" as the final task of any release.
