The Catalyst Fund is an award program that provides support for new ideas and innovative projects that advance the mission and reach of Lyrasis member organizations. Initiated by the Lyrasis Leaders Circle in 2016, the Fund expands opportunities to explore, test, refine and collaborate on innovations with potential for community-wide impact. Please note, Catalyst Fund projects are ongoing and results are posted as they become available. You may want to check back every couple of months to see what may be new.
