Samvera Repository Management Interest Group

Scope & Objectives

- Overlapping roles of service manager, product owner, repo and project manager
- Interest in learning more about agile in order to better work in teams and collaborate
- Recommendations about roles and methodologies
- Moving from project management to sustaining services
- Bridging gaps between developers and non-developers
- Align the local efforts with the community
- Provide a support network and sounding board for repo-managers to ask questions and to share implementation details.
- Share locally implemented features, customizations, and workflows outside vanilla product(s).
- Provide collective input on the Hyrax roadmap and feature development, providing use cases, proposals, and providing real-time input on implementation of features.

Subgroups:

- Repo-managers discoverability subgroup
- Hyrax Release Testing Subgroup (Work of group is now complete, testing process now moved to Hyrax Working Group)

Meeting Times & Communication Channels
