Agenda/Notes:

- Copy of Hyrax 2.0 Metadata Application Profile: continue review and discussion

- Hyrax 2.0 Metadata Application Profile - Issues

- Nurax is currently running 3.0.0.pre.rc1

- Format discussion for the shareable 3.0 MAP
  * should the final form be a spreadsheet rather than a document, since the table width seems to have outgrown the page?
  * add Label column, actually populate Definition column throughout the document?
  * information-rich versus minimalist approach
