4. After call, this week's notetaker should create the agenda for the next call:
   a. Open template agenda titled “Samvera Tech Call 2020-xx-xx”
   b. Click on ... in the top right corner, and select copy.
   c. Popup will open for location. It should contain:
      i. Space: Samvera
      ii. Parent page: 2020
   d. Select copy. New page should be created.
   e. Modify the title to remove "copy of", update it with the next date, add moderator, notetaker, and any carry-over agenda info. Click Publish.
5. PR Review
   a. Review issues:
   b. PR review coordinator for next time:

Notes

- **Status of Valkyrization for Hyrax**
  - Request for an update from any contributors
  - Jeremy: Appears to be in a slower state, but there are some PRs up
    - There hasn’t been so much activity on this recently
  - Cornell has some interest in seeing about contributing resources to advancing this work
    - Lynette will look to investigate this and request an update from Tom Johnson
  - Resources are still needed in order to advance this work further

- **Hyrax PR 4275**
  - Caching IIIF manifest generation
  - Reviews are most welcome to this

- **Hyrax PR 4281**
  - Backporting the bugfixes for deleting nested membership
  - Applied for the 2.7 release of Hyrax
    - While backporting this, another bug was discovered in 2.7, but this was fixed in 3.0 given the work to support Valkyrie
  - Reviews are welcome for this also

- **BrowseEverything PR 340**
  - There was an older dependency on the thor Gem for previous releases for BrowseEverything
  - This was no longer needed, particularly given that Rails generators use Thor

- **Next Samvera Tech. Call**
  - Moderator
    - Jeremy
  - Notetaker
    - Thomas

- Call concluded at 09:15PDT/12:15 EDT
