01/31/20

Attending

Time: 12:00PM PST/3:00PM EST - 01:00PM PST/04:00PM EST

Zoom: https://princeton.zoom.us/j/7739591625

Participants

- James R. Griffin III (Princeton University Library)
- Randall Floyd (Indiana University)
- Collin Brittle (Emory University)

Agenda

- GitHub Board Review Column
- Updates from the Solar Vortex Samvera Dev. Congress
- Removing "test_files" from gemspec - https://github.com/samvera/hyrax/pull/4239 (Jeremy)
  - Jeremy has a conflict and cannot attend but would appreciate CWG's review of the PR and its extensive commit message.
- Request for any new repository promotions
  - James has been seeing some activity on the following samvera-labs repositories:
    - https://github.com/samvera-labs/bulkrax
    - https://github.com/samvera-labs/openseadragon-react-viewer
    - https://github.com/samvera-labs/houndstooth
    - https://github.com/samvera-labs/ldpath
  - Should James reach out and contact contributors to see about status and any interest in promotion?
- Scheduling a Component Maintenance WG Sprint
  - This would be one week in duration
    - James has created a Doodle Poll: https://doodle.com/poll/m7yntfzb694zgrcs
    - In the past, these have been for entire weeks
    - Doodle does not give me the ability to offer entire week ranges:
      - 03/23 - 03/27
      - 03/30 - 04/03
      - 04/06 - 04/10
      - 04/13 - 04/17
    - Intention is to try and get one sprint completed before Virtual Connect 2020

Notes

- James need to follow up on Rails 6 support for components
- Solar Vortex
  - Most of this work did not require intervention or assistance for the work there
  - Not much will need to be done moving ahead
- Hyrax PR offered by Friesen
  - James will remove the test_files attribute from the gemspec files for the affected core components on GitHub
  - This will include for a patch release for each one of these changes
    - Having the PR in for each of those Gems, and then when the owner is ready for a release, this will get pulled into the release
    - Randall volunteered to assist with this
    - James will create the list, and divide up the work from this (individual issues will be created on each repository)
- Promotion
  - Watching for candidates
  - Precedent was set iiif_manufacturer promotion
  - Regardless of what this group would consider a core component, James would like to continue watching for potential future core components
    - Where there is interest and a need, facilitate with the promotion process
- Call for New Members
  - James will look to contact some interested parties and post to the mailing list

Meeting adjourned at 15:25 EST
