Samvera is a vibrant and welcoming community of information and technology professionals who share challenges, build expertise, and create sustainable, best-in-class solutions, making the world's digital collections accessible now and into the future.

Samvera was previously known as the Hydra Project and legacy content within the wiki may reflect this.

Community

- Samvera Community Framework
  - Samvera Community Principles
  - Samvera Community Overview
  - The Samvera Way: a recipe for success
