Descriptive Metadata Working Group

Members

- Carolyn Hansen, **facilitator** (Univ. of Cincinnati)
- Nick Ruest (York University)
- Jenn Coll (Cornell University)
- Chrissy Rissmeyer (UC Santa Barbara)
- Steven Folsom (Cornell University)
- Lisa McAulay (UCLA)
- Esmé Cowles (UC San Diego)
- Arwen Hutt (UC San Diego)
- Julie Hardesty (Indiana University)
- Adam Walsh (Durham University)
- Eric James (Yale University)
- Corey Harper (New York University)
- Robert Cole (University of Alberta)
- Danny Pucci (Boston Public Library)
- Kelcy Shepherd (Amherst College)
- Daniel Enright (Symplectic)
- Dave Budenberg (Symplectic)
- Steven Anderson (Boston Public Library)
- Bill McMillin (Univ. of Cincinnati)
- Cathleen Lu (Chemical Heritage Foundation)
- Matt Critchlow (UC San Diego)
- Maggie Dickson (Duke University)
- Juliane Schneider (UC San Diego)
- Alex May (Tufts University)

Initial Goals

- Collect user stories (goal of having something to present at Hydra Connect)
- Best practices on handling blank nodes and nested attributes - see also Fedora-tech discussions
- Best practices on using multiple schemas/vocabularies
- Base descriptive metadata application profile with mappings to Shared Data Model and community standards such as Dublin Core and/or DPLA Metadata Application Profile

Meeting Times & Communication Channels

**Proposed:** 1pm EST, alternate Wednesdays that main group is not meeting

**First Meeting:** May 13th
