Agenda/Notes:

Use *Github Issues* for notes and action items on specific issues.

1. Get jekyll running for those who haven't run it before.
2. Review [project board](#).
3. Work on...
 - a. <https://github.com/samvera/samvera.github.io/issues/235>
 - i. Follow up by creating tickets to add the content.
 - b. <https://github.com/samvera/samvera.github.io/issues/236>
 - c. <https://github.com/samvera/samvera.github.io/pull/184>
 - d. <https://github.com/samvera/samvera.github.io/pull/238>
 - e. <https://github.com/samvera/samvera.github.io/issues/55>
 - f. <https://github.com/samvera/samvera.github.io/pull/248>

Feedback for Working Group:

1. Focus on backlog grooming, prioritization.
2. Better labels: specifically Content vs. Jekyll vs. Organization
