Agenda:

- Attendees
    - Julie Hardesty (Indiana University)
    - Ruth Tillman (Penn State)
    - Jen Young (Northwestern University)
    - Anna Goslen (UNC)
    - Ryan Wick (Oregon State University)
    - Sarah Imholt (Oregon State University)
    - John Huck (University of Alberta)
    - Chuck Schoppet (USDA National Agricultural Library)
    - Dawn Childress (UCLA)

- Subgroup Reports
    - URI Selection WG
        - Nothing to update. Current work to select a system. Considering starting to publish on Github to get things working and see if there's interest to go beyond that for supporting new terms.
        - No other terms submitted recently (2 have been submitted from community so far)
    - MODS to RDF WG
        - MODS to RDF Mapping Recommendations (Draft for review and comment): https://goo.gl/SGCfev
        - Julie: Draft is ready for review. Hot off the presses.
        - Request for feedback: by leaving comments in doc; by feedback form; by gmail address
        - After community feedback, the plan is to share it with the wider community(ies) beyond Samvera. Hopefully after the next meeting in June.
    - Hyrax Metadata Ordering WG
        - Julie: group has been meeting; working on a report; close to having something to share with product owners; the result is likely to be options to consider (weighted), but not necessarily a clear cut recommendations.
    - Geo Predicates WG
        - Meeting next week; sent request for geospatial interest group leader but no response yet; considering next steps for group; geo predicates wg still moving forward, possibly needing new home
- Issues/Questions
    - Reports from other WG/IGs
    - Samvera Interest Group for Advising the Hyrax Roadmap (SIGAHR)
        - https://wiki.duraspace.org/pages/viewpage.action?pageId=90976017
    - Dawn Childress (UCLA) is looking for opportunities to participate in metadata-related groups, especially around MODS topics.
- Topics
    - Hyrax Descriptive Metadata review/documentation
        - Next meeting on May 24.
        - Spreadsheet collecting issues.
        - June 13th, 2 pm EDT will be the next after that
        - Next step will be to take Google Doc and format the documentation into standard Samvera format.
    - Upcoming demos
        - Jen Young (Northwestern) has been working on implementation of Hyrax. Demo to show how URIs from Fedora are preserved. Scheduling this possibly for June 26th meeting
        - Interest in a walkthrough of Nurax (from DCE) is a possibility for later in the summer.
            - https://nurax.curationexperts.com
            - Example: seeing how Nurax implements collections extension.
            - Questioning Authority gem on the geonames field
        - Something on autocompletion?
        - Batch editing
        - Questioning Authority gem - applying to other fields
- Next meeting - June 26 (3:00 pm EDT)
