Samvera Hyku Interest Group

Scope & Objectives

The Hyku Interest Group meets to discuss the Hyku repository application. Based on Hyrax, Hyku is intended to be an easy-to-install, easy-to-configure, feature-rich multi-tenancy solution. Hyku is designed to reduce barriers to effective asset management and preservation for collections and content types of many kinds.

Group members are interested in working together to contribute to the maintenance and development of Hyku.
