

DSpace Office Hours

I have an informal "Office Hours" in [#duraspace IRC](#) every Wednesday from 1pm-4pm EDT (17:00-20:00 UTC).

What are Office Hours?

Essentially, it's a promise that I'll be lurking/listening in [#duraspace IRC](#) during that timeframe, ready and willing to chat with other developers on any topics of interest to you.

- Running into an annoying issue that you need some help with?
- Have an idea that you'd like to bounce off someone?
- Have something interesting you are working on that you'd like to show off or get feedback on?

Stop by and lets talk about it!

Please note that, as with all [#duraspace IRC](#) discussions, public logs will be made available on <http://irclogs.duraspace.org/>.

When?

- Every Wednesday from 17:00-20:00 UTC (1pm - 4pm EDT), just before the weekly [DSpace Developer Meeting](#). Just login and send me (tdonohue) a message if you have something to talk about.
- Although I make every effort to be in IRC every week at this time, there are occasionally important meetings that pop up (or vacation/holiday days). You are welcome to send me an email beforehand if you want to ensure I'll be available on a particular date.
- I'm also often in IRC other times during the week. But, depending on my meeting/work schedule for a given day, I may or may not be available to chat on demand.

Where?

- In [#duraspace IRC channel](#) on freenode.net
 - If you don't have an IRC client, just visit <http://webchat.freenode.net/>
 - Enter in a nickname (of your choice)
 - Enter in "#duraspace" as the IRC channel
 - Leave the "Auth to Services" setting unchecked.

Once you login, feel free to ping me (tdonohue) to start the discussion.
