Overview

VIVO has several pages that can be reached by adding one of the words below to the end of your VIVO URL. For example, if the URL of your VIVO home page is http://vivo.myschool.edu, then you can access a page regarding revision information by accessing http://vivo.myschool.edu/revisionInfo.

api/datarequest

The Data Distribution API endpoint, typically followed by an action name of a configured data distributor.

freemakersamples

Displays a page of Freemarker widget results. The template for this page can be found here vitro-core/webapp/web/templates/freemarker/body/samples.ftl.

login

Takes you to the VIVO login page if you are not logged in, or a message indicating that you are logged in.

logout

Logs you out of VIVO.

RecomputeInferences

Review all triples in the triple store and add inferences to the inference graph as needed.

revisionInfo

Show a page of version information including date and time of most recent build, as shown below.
Revision Information

**Levels:**

<table>
<thead>
<tr>
<th>name</th>
<th>release</th>
<th>revision</th>
</tr>
</thead>
<tbody>
<tr>
<td>VIVO</td>
<td>1.9.1</td>
<td>066d5a0</td>
</tr>
</tbody>
</table>

**Build date:**
Thursday, October 6, 2016 5:00:03 PM EDT

**sitemap.xml**
See the XML VIVO generates for your site's sitemap.

**SiteAdmin**
Shows the Site Admin page.

**SearchIndex**
Show search index status and access to rebuild the VIVO search index

**tpf/core**
The [Triple Pattern Fragments](#) endpoint

**vivosolr**
Display the VIVO Solr search index control panel
