Tanzanian DSpace User Group

Welcome to the DSpace Wiki! Please sign up and participate.

Although a few pages are 'locked' to prevent spamming, anyone who sign ups and creates an account can freely edit most of the DSpace Wiki. If you've forgotten your password, please visit the reset your password page.

This space is thought to make it easy for DSpace users in Tanzania to share information about their activities, projects, events and ideas and to make them known to the global DSpace Community. In Tanzania there are 14 installations and a vibrant community of users. This page and its sub-pages are the platform to coordinate the collaboration among Tanzanian institutions in order to facilitate discussions on Country specific themes and topics of interest.

1. Who is using DSpace in Tanzania?

In the Duraspace Registry there are information about the DSpace installations currently running in Tanzania. Please take a moment to look for your Institution and check whether the information is correct. If your institution is missing, you can add it here: https://duraspace.org/registry/register-your-site/

2. How to communicate?

There are numerous ways to get in touch, both at a global level with the general DSpace Community and at the specific country level.

2.a. Mailing Lists

General and global DSpace lists
- dspace-community@googlegroups.com: General conversations about the DSpace platform and how to set up and run a DSpace installation. Any DSpace user can send questions, share news and raise the dialogue about DSpace with people who manage other repositories.
  - Join dspace-community (click on "Join group") or search the archive of past conversations
- dspace-tech@googlegroups.com: Technical support for the DSpace platform. If you have a technical query or if you are having problems in the operation of DSpace, this is the correct list (for more information check the Troubleshoot an error page ). If you have technical knowledge and would like to give a hand to those who need some help, join, please!
  - Join dspace-tech (Click on "Join group") or do a search on the file of past conversations
- dspace-devel@googlegroups.com: Ready for DSpace developers. In this list the people who work in the DSpace code interact, so here you will find conversations about the development of DSpace and its next versions.
  - Join dspace-devel (click on "Join group") or do a search in the file of past conversations
- dspace-tickets@googlegroups.com : List of notifications of DSpace Issue Tracker (JIRA) tickets. This list is useful if you want to be aware of the reports of errors, possible upcoming functionalities, and in general of upcoming changes in the code.
  - Join dspace-tickets (click on "Join group") or search the archive of past conversations
- dspace-changelog@googlegroups.com : List of notifications of all changes to the DSpace base code on GitHub. This list is only for "hardcore" developers. It reports the latest "commits" to the code so that developers keep abreast of the latest changes to the DSpace code.
  - Join dspace-changelog (click on "Join group") or do a search in the file of past conversations

National Mailing List
At the Tanzanian level is available a mailing list to discuss any idea and issue related to DSpace in Tanzania and Open Access related topics
- irepositoriestz@googlegroups.com

2.b. Slack

DSpace is using Slack as communication platform. Within slack there is a new channel for the Tanzanian DSpace User Group: #dspace-tz. Please use this form to request to join the DSpace Slack channel. After joining the main DSpace Slack channel, just look for #dspace-tz and add it to your list.
3. Events

This section will show the events that will be organized specifically for the Ghanaian community of DSpace, both virtual and in person.

Webinars

- November 27, 2019, 3:00 pm (GMT)
  DSpace and Google Scholar Webinar for Kenya, Tanzania and Zimbabwe
  Monica Westin, Google Scholar
