         - Jared to help
         - Possibly move the integration tests to webac, instead of auth-common
   b. fcrepo-2962: not 5.0

   - Suggestion: URI of target resource has changed location in F5

   - Questions on Yinlin failures
   - Yinlin using Mac OS version: 10.14
5. WebAC tests
   - Could we use Jared's bash/curl scripts?
