Notes

All meetings will be recorded. Recordings and brief/summary notes will appear here after the meeting

- Preview Release Planning
 - We talked through the remaining tasks, and enhanced / improved the list in the agenda above (including adding links to in progress Google Docs consolidation & sample data)
- PR Reviews
 - This is the final list of PRs to be reviewed/merged before Preview Release
 - We walked through status on each PR and assigned to a reviewer. **Please complete reviews by Tues, Jan 29**
 - Reviewers are listed in agenda above
 - More than one reviewer is welcome (and encouraged) on each PR. So anyone having additional time, please add your reviews to PRs listed above
- Walkthrough of Paulo's Submission UI mockups
 - All agree the general approach is good
 - There are places we could likely improve the usability.
 - Need to think more about how to intermix textual authors & author items (entities) within the same submission UI
 - When creating an author item, may want to allow users to enter additional basic information about the author (e.g. institution, title)
- Next meeting will be Tues, Feb 5
 - Agenda will be to go through our checklist again
 - Hopefully all PRs will be either merged or ready to be merged

Action Items

Any assigned actions will appear here, along with details of who they are assigned to.
