

2019-04-19 Cornell LD4P2 Meeting notes

Date: 19 Apr 2019

Attendees: Jason, Tim, Simeon, Lynette

Regrets: Huda, Steven

Agenda & Notes

Review actions from 2019-04-12 Cornell LD4P2 Meeting notes

- **Jason Kovari** will discuss in LTS whether there are URIs from Share-VDE data that are useful and might be added to catalog. Need to have discussion in LTS – people will need to see / explore data before forming opinions on utility
 - 2019-04-05 Have dump and is in DAVE, but hasn't been investigated yet
 - 2019-04-19 This task has been overtaken by other priorities for now. Come back to it in a few months, see what experience through QA /Dave is first moved off to Jason's long-term to-do
- **Simeon Warner** re: Ruby Dev for Enhanced Discovery work
 - 2019-04-12 Posted and getting applications...
- **E. Lynette Rayle** to re-review Tim's 3 PRs for QA and get a community reviewer
 - 2019-04-12 Lynette has done review and looks good, still need to find someone at another institution to review. Lynette will reach out today
 - 2019-04-19 Some progress but not done yet, hopefully next week... then Lynette will include some other things to make a new release
- **Steven Folsom** and **E. Lynette Rayle** to discuss how to use lpath config to bring out grouping of sub-properties of an intermediate resource
 - 2019-04-19 Documented in https://github.com/LD4P/qa_server/issues/92 – this will be quite an involved to add to QA. DONE
- **Steven Folsom** to ping Nancy about need to accuracy tests to move ahead with https://github.com/LD4P/qa_server/issues/13
 - 2019-04-19 No update on issue, Steven not here today
- **Steven Folsom** to discuss with **David Eichmann** whether use of lpath to describe data requirements is an issue and how convenient it is to convert to SPARQL
 - 2019-04-19 From Lynette's discussion Dave plans to do conversions to SPARQL by hand, but this is easy to do
- Issues:
 - [Overall Project Board](#)

Status updates and planning

- Enhanced Discovery (see also <https://wiki.duraspace.org/x/sJI7Bg> and <https://github.com/LD4P/discovery/projects/1>)
- Authority Lookups for Sinopia (Lookup infrastructure: https://github.com/LD4P/qa_server/projects/2, Authority requests: https://github.com/LD4P/qa_server/projects/1)
 - Authorities: Lynette has been discussing with Dave, #69 is top priority and blocking other QA/context work, then #53, #70
 - Infrastructure: Focus this week has be QA language #60 pending deployment, and #61. Then #64 and #51 toward next release. Will not try to complete #92 for next release. Want to get #44 done in qa_server
- Prep for Cataloging Sinatra and other 45's (Discogs data, https://github.com/LD4P/qa_server/issues?q=is%3Aissue+is%3Aopen+label%3ADiscogs)
 - Still waiting merges to QA
 - Have integrated QA lookup with display of context (including picture!!!), but selecting and item doesn't yet do anything
 - Tim has implemented term fetch with JSON-LD format parameter and writes it out to the console in Sinopia. We are concluding that this work https://github.com/LD4P/qa_server/issues/49 is done pending more work on Sinopia to import data.
- Travel and meetings (see [LD4P2 Cornell Meeting Attendances](#))
 - LD4 conference and pre-meeting partners (Jason, Steven, Huda, Lynette, Simeon)
 - Simeon has reserved minivan for Wed 8 through Sun 12 May
 - Everyone feel free to add to pre-meeting agenda document.
 - What to show at conference?
 - LC NAMES, Genre, Geonames, (and NALT, AgroVoc) all have context – will demo something in Lynette/Dave presentation
 - Discogs lookup, context, and some data import into local Sinopia – in Tim/Steven presentation
 - Astrid/Huda presentation – focus on usability and discovery
 - LD4P June 2019 Meeting: Agenda formation: <https://wiki.duraspace.org/x/p4B7Bg>
 - Michelle (2019-03-21, email): "June in-person partner meeting in DC: planning hasn't started yet, it would be good to have at least one person from each of Cornell/Harvard/Iowa SLIS/LC/PCC/Stanford involved in the planning. Let me know if you want to take part."
 - Partner meeting is day after cohort; will plan after May meeting
 - Blacklight Summit should be announced soon
 - European Bibframe summit in September, call for proposals expected soon
 - SWIB19 call is out, deadline in May 12
 - Possibility of QA + Dave in container
 - Samvera Connect
 - Lynette to present on QA
- Next meetings:
