Agenda & Notes

Review actions from 2019-09-06 Cornell LD4P2 Meeting notes

- [E. Lynette Rayle](#) will work with Michelle to develop a prioritization process. [Steven Folsom](#) is starting the slack thread b/t Michelle and Lynette
 - 2019-08-30 Steven and Michelle had a call and will filter new requests using :+1: style voting from the cohort. Have separated 8 or 9 out of 20 requests which are just small drop-downs and wouldn't benefit from QA work – PR for this has an issue that Steven is working with Jeremy on
 - 2019-09-06 Process agreed, waiting on [Michelle Futornick](#) to push out request for input
 - 2019-09-13 Request for input had 20 Sep due date, when results collated we'll follow that priority order for QA work. [Steven Folsom](#) will lead our completion of our input on Sinopia requests with focus on show stoppers for Discogs cataloging work
- [Simeon Warner](#), [E. Lynette Rayle](#), [Steven Folsom](#) to apply for LODLAM
 - Not done, deadline in 30 Sep
- [Tim Worrall](#) to update discogs code to use standard bnode format
 - 2019-09-13 Tim about half way through this
 - [Tim Worrall](#) to check that Sinopia actually supports n3 (with prefixes and compacted statements) and not just ntriples
- [Steven Folsom](#) to update discogs profiles to remove old pattern resulting in unnecessary bnodes
 - 2019-09-13 all done, demo
- [Huda Khan](#) et al. – KPAOW video and write up: Make short video. Write up successes, difficulties, lessons, data and index needs, areas for continued work (if and when)
 - 2019-09-13 Have uploaded video (with masterpiece theatre wrapping) to cul-it channel
 - 2019-09-13 - [Usability results write up \(in progress still\)](#) – [Huda Khan](#) to complete write-up
 - Lessons/results in progress, will be shared by next next meeting
- Issues:
 - [Overall Project Board](#)

Status updates and planning

- Prep for Cataloging Sinatra and other 45's (Discogs data, https://github.com/ld4p/qa_server/issues?q=is%3Aissue+is%3Aopen+label%3ADiscogs)
 - ON HOLD pending more work in Sinopia to import data. Sinopia work cycle 2 will we hope include the ability to read in RDF back from Trellis. We hope that we can leverage this to import RDF from a lookup in Discogs or ShareVDE
 - Expect to start cataloging work on Oct 1, will start with work on things without discogs data pending an update to Sinopia with discogs lookup/load
- Enhanced Discovery (see also <https://wiki.duraspace.org/x/sJl7Bg> and <https://github.com/LD4P/discovery/projects/1>)
 - BAM! (to run through end October)
 - Updating [Initial draft of BAM plan](#)
 - Had DOG meeting to discuss meaning and intentions of browse
 - One is open ended search like physical browse
 - Another is berry picking, finding stepping stones to desired outcome by refining – this seems easier to design for
 - Huda plans to do some with with Astrid at Stanford LD-BL meeting
 - Tim will extend work connecting in with LOC for subject and perhaps author browse
 - John looking at expanding related searches section
- Authority Lookups for Sinopia (Lookup infrastructure: https://github.com/LD4P/qa_server/projects/2, Authority requests: https://github.com/LD4P/qa_server/projects/1)
 - Still investigating speed and concurrency - this is a high priority for Sinopia team
 - ISNI discussions stalled – will be interested to see how high this comes out in the prioritization. Given that there isn't an LD API the best approach would likely be a discogs-like conversion from JSON built into QA server
- Travel and meetings (see [LD4P2 Cornell Meeting Attendances](#))
 - LD4 BL meeting September 23 week in Stanford
 - Huda, John, Steven going
 - European BIBFRAME Summit in September 16-17th-ish
 - Jason going and ARM/rare-cohort proposal accepted
 - Blacklight Summit will be at Duke, 9, 10, 11 October at Duke
 - Huda
 - Samvera Connect, week of October 21 (WUSTL)
 - Lynette to present on QA (Simeon also going but not on LD4P funds)
 - Fall partner and cohort meeting in DC, November 12/13
 - [Cohort and Partner Meetings#3: November 12-13 2019, Library of Congress](#)
 - Everyone should plan on attending
