

# ORCID Integration for JSPUI

Integration (JSPUI) started at configuration.

Unable to locate Jira server for this macro. It may be due to Application Link

The PRs that address the porting are:

- for DSpace 5.x version at <https://github.com/DSpace/DSpace/pull/2704>
- for DSpace 6.x version at <https://github.com/DSpace/DSpace/pull/2710>

NOTE that both PR contains fix for XMLUI)

Unable to locate Jira server for this macro. It may be due to Application Link configuration.

(JSPUI and

All concepts and configuration are the same addressed at [ORCID Integration \(6.x\)](#) and [ORCID Integration \(5.x\)](#)

Basically only the look and feel of UI changes, follow the submission form screenshot.

## Submission of new DSpace items - Author lookup

After enabling the "authority" consumer and "authorLookup" field on dspace.cfg file the submission search matches on the external ORCID service:

DescribeDescribeDescribeUploadVerifyLicenseComplete

## Submit: Describe this Item ?

Please fill in the requested information about this submission below. In most browsers, you can use the tab key to move the cursor to the next input box or button, to save you having to use the mouse each time.

Fill the "Last Name" and "First Name" in the submission form and clicking the icon "Lookup" the lookup perform a search in the ORCID Service and in the internal authority. Clicking on the result list in the box the UI show a "Details" box with additional information. When "authority" value start with "will be generated::" this means that the Author value is not in the internal authority (insolr: false).
