

# NAAN Registry Working Group

## Purpose

The NAAN Registry Working Group (WG) oversees the registry of institutions that have been given a Name Assigning Authority Number (NAAN), with which they can begin assigning ARKs. The work consists mostly of responding to requests for new NAANs, but also to requests for changes to existing NAANs. Effectively the WG is a team of volunteer curators whose work will be ongoing. Although the WG is not expected ever to be finished, composition of the curatorial team is expected to evolve year to year.

## Objectives

1. NAA maintenance. Create and refine processes that permit each [NAAN request](#) and [Shoulder request](#) to receive a response within 48 hours (two business days).
2. Policy. In consultation with the Advisory Group, develop [policies](#) for deciding which requests are appropriate for the ARK community.
3. N2T resolution support. The NAAN Registry is harvested regularly to supply vital redirection information to the N2T resolver. Work with the Technical WG to ensure stable, error-free harvesting of registry information needed for continuous and reliable resolution.

## Deliverables

- Create a policy document
- Work with CDL to implement form processing changes (agreed upon in March 2022)
- Recruit new curators
- Convert to github projects

## Resources

- A private github repository for maintaining the primary registry (private because it contains personally identifiable contact information)
- A public repository to host the official public registry and derivative files
- The [NAAN Request form](#)
- The [Shoulder Request \(on shared NAANs\) form](#)
- The N2T resolver: [n2t.net](https://n2t.net)
- The [Advisory Group](#) and the [Technical WG](#)
- [General WG features](#) common across ARKA working groups

## Curator Roles and Responsibilities

### Duties

1. To respond to incoming NAAN requests within 2 business days, using this [curator checklist](#) and
2. to facilitate any NAAN working group meeting that falls in the duty period (d.

### Specific Tasks

Start here at this [curator checklist](#) for responding to NAAN requests. This will require access to a private github repo that should have received an invitation to join. Note that unless you have an unexpired cookie, you may have to re-authenticate at github to avoid what looks like a 404 error (a security "feature", not a bug for private repos :).

The Duty period starts when the monthly WG meeting begins (e.g., 9AM ) and it ends when the *next* monthly meeting begins.

During each Duty period a specific pair of curators – one primary and one secondary – is responsible for handling requests that arrive in their Duty period. Responsibilities of the primary or, if unavailable, the secondary:

1. Handle NAAN and Shoulder requests that arrive during the Duty period
2. Create a draft "stub" agenda for the next meeting and calendar a task to send out a reminder to the group one week in advance of that meeting. During the meeting at the start of a new Duty period is a good time for the new primary curator to create the next month's draft meeting agenda and to calendar a reminder task one week in advance of that meeting.
3. Facilitate the next monthly meeting (at the end of the Duty period) and be responsible for the meeting notes.
4. At that meeting make sure the Duty Curator schedule is filled out at least two months ahead.
5. "Pass the baton" to the new Primary and Secondary at the monthly meeting (new).

The Chair and co-chair provide continuity. Their responsibilities include

1. Manage the googlegroup email list, lysis wiki accounts, and calendar invitations
2. Be available as needed to the ARKA Advisory Group
3. Be available, along with all WG chairs and co-chairs, to respond to code of conduct concerns.

## Duty Roster

The roster below indicates a primary and a backup curator on duty for a given period of time. The duties are (a) to respond to incoming NAAN requests within 2 business days and (b) to facilitate any NAAN working group meeting that falls in that time period. Here is the [curator checklist](#) to follow for responding to NAAN requests; note that unless you have an unexpired cookie, you may have to re-authenticate at github to avoid what looks like a 404 error (a security "feature", not a bug :) for private repos.

When	Primary	Secondary
<b>2024</b>		
Jun 19 - Jul 17	Bertrand	Romuald
May 15 - Jun 19	Chloé	Aurélien
Apr 17 - May 15	Romuald	Brian
Mar 20 - Apr 17	Bertrand	Sefakor
Feb 21 - Mar 20	Sefakor	Chloé
Jan 17 - Feb 21	Brian	John
Dec 20 - Jan 17	John	Brian
^^ 2024 ^^		
Nov 15 - Dec 20	Chloé	Aurélien
Oct 18 - Nov 15	Bertrand	Maria
Sep 20 - Oct 18	Romuald	Aurélien
Aug 16 - Sep 20	Maria	John
Jul 19 - Aug 16	John	Brian
Jun 21 - Jul 19	Bertrand	Romuald
May 17 - Jun 21	Chloé	Aurélien
Apr 19 - May 17	Romuald	Brian
Mar 15 - Apr 19	Bertrand	Maria
Feb 15 - Mar 15	Aurélien	Chloé
Jan 18 - Feb 15	Brian	John
Dec 22 - Jan 18	John	Brian
^^ 2023 ^^		

[Duty roster for prior dates.](#)

## Working Group Members

- [aurélien conraux](#) French Ministry of Culture (vice-chair)
- [Bertrand Caron](#) BnF (National Library of France)
- [Chloé Pochon](#) French National Institute of Art History
- [Brian McBride](#) University of Utah (chair)
- Jennifer Marill, US National Library of Medicine (retired)
- [John Kunze](#) Ronin Institute
- [Romuald Verrier](#) French Ministry of Education
- [Sefakor Ankora](#) WACREN

# Meeting Times

Teleconferences are **9am San Francisco time on the third Wednesday of each month**. Connection details included in calendar invitations.

## Communication Channels

Because this group handles personally identifiable information (PII), while anyone can send email to [NAAN-Registrar@googlegroups.com](mailto:NAAN-Registrar@googlegroups.com), the discussion archives at <https://groups.google.com/forum/#!forum/naan-registrar> are **closed** except to group members.
