

Listed Service Providers

Listed Service Providers have two categories for Companies and Individuals.

Listed service providers can request community mentorship and support to grow capacity and strengthen its relationship with the programs and community members. Mentorship can be arranged with community members, other Service Providers or staff depending on objectives and availability. We see mentorship as a stepping stone to becoming active community contributors.

Program Structure

- Pay an annual fee. Companies are invoiced \$1,000 USD. Individuals are invoiced \$200 USD
