4. Tickets created this week:

key	summary	type	created	updated	due	assignee	reporter	priority	status	resolution

Unable to locate Jira server for this macro. It may be due to Application Link configuration.

Notes

1. Announcements
    a. Beta sprint: Feb 8-19
    b. Potential "micro-sprint" week of Jan 11th
2. Pilot Updates
    a. The Whitman migration will be proceeding with a Fedora 6 instance
    b. Danny B has been working on fcrepo-aws-deployer as part of the UVA pilot project
3. Current work
    a. A basic validation can be executed and a simple html report generated using `fcrepo-migration-validator`
        i. In order to be tested, you need to spin up a Fedora 3 and ingest some content
4. Open Tickets
    a. Ben P is working on indirect containers
5. There were no objections to moving entirely to Github Actions

Actions

- Danny Bernstein will create a Jira ticket per object versioning
- Andrew Woods will Andrew create documentation needed at different level such as wiki and README for the immutable head PR issue
- Prioritization of blue tickets after Beta release
