Notes

1. Announcements
 - a. Release Party - Still trying to figure out date, might use tech call time or a Friday in August
 - b. Waiting until September to reach out and find out people's needs for Fedora 6
2. fcrepo-java-client
 - a. Ready to be released
 - b. Should get support for transactions eventually
3. Parallelizes export and logs URIs that failed or waiting to be processed
4. New tickets
 - a. Write to S3 - PR ready but lower priority
 - b. Need to dockerize camel toolbox once the update is complete
5. Possibly get sprint in September for a maintenance release
 - a. Might not be needed but something to start thinking about
