ACTION ITEMS:

From Last Meeting

- *All - Gather links to existing change management approaches and documentation. Add links and descriptions in [Existing Change Management Approaches](#) working document.*

This Week

- TBD
-

Agenda

- **Review proposed activity streams document**
- **Review SPARQL update queries document**
- **Identify and review existing approaches**
- **Discuss pros and cons of various approaches**

Meeting Materials

- [Activity Streams - Example Change Documents for Authoritative Data](#) *(working document)*
 - [Mock SPARQL Update Queries for Common Changes](#) *(working document)*
 - [Existing Change Management Approaches](#) *(working document)*
 - [Types of Changes](#) *(working document)*
-

Recording

Recording: [Activity Streams - Activity Types - Initial Exploration \(2021-08-02\)](#)

Notes

Notes were taken directly in the working documents. See meeting materials for links.

Future Topics

- *Notification to a single institution when a requested entity that was missing becomes available. This will likely be outside the main change management stream.*
- *Value of diagramming to express changes as a means of conveying information around where data is being produced, where it goes, etc.*
- *Partial splits and partial merges.*
