

DGOC Projects

Contents

- 1 [2010 Projects](#)
- 2 [2009 Projects](#)
- 3 [2008 Projects](#)

2010 Projects

- 1) Complete work on the "Dynamic Database" and release to the community: available [here](#)
- 2) Resource cleanup/building/refinement
- 3) Promote networking and encourage more community discussions
- 4) Explore ways to involve more of the community in the release process
- 5) Help develop tutorials and webinars for the community

2009 Projects

- 1) Help organize the DSUG Meetings at OR2009 in May 2009 (<https://or09.library.gatech.edu/dspace.php>) and DSUG stand alone mtg in Sweden in October 2009 (<http://dsug09.ub.gu.se/index.php/dsug/dsug09>)
- 2) Create a social network for the DSpace user community searchable by area of interest or expertise
- 3) Survey the DSpace user community and make all information available to the community through a dynamic database which can be queried and updated easily by users going forward ([Community [Networking Survey Results](#)])
- 4) Create a list of projects/integrations/addons available for the DSpace platform
- 5) Recruit and organize a list of regional contacts for potential/new users who want to talk to someone local

2008 Projects

- 1) Hosted DSpace User Group Meeting after SPARC 2008 Conference: meeting notes can be found at [SPARC DSpace RM Mtg](#)
