CvtContribution

Update - Jan 5th 2005: Roskilde University Library and Nordija A/S have made a modified version of DSpace 1.4.1 available that contains the web service user import described below. Download patch here.

Update - Sep 29th 2005: Roskilde University and Nordija A/S have made a modified version of DSpace 1.2.2 available that contains the below mentioned enhancements.

We have enhanced dspace with the following features:

- Single sign-on support through CAS
- Web service support to enable user import

The patch (1167362) created Marts 21st 2005 consist of the following:

- files.tar.gz - includes the new files to the project.
- doc.tar.gz - contains some documentation about the two new features.
- ^cvt.dk.patch - the patch file

Note that Axis requires a new version of Xerces so the existing lib/xerces.jar has to be deleted.

Regards,

Mads Pultz - Nordija A/S (mpultz at nordija.com)
