Discussion items

Item	Who	Notes
Announcements		jk: submitting recorded briefing on ARKs today for the previous (Dec 2022) CNI meeting cp: writing article on ARKs, looking for a place to publish it
Calls for papers, submission deadlines, upcoming meetings. Any news items we should blog about?		cp: I'm writing a paper (possibly for Hypothese) on use of ARKs at INHA
working group home page and sidebar cleanup • compress sidebar list of 3 years of meetings? • revisit objectives, deliverables		jk: please look over our objectives and deliverables and consider what you'd change jk: ok to compress sidebar? all: yes
Summary of the past month activities		jk: nothing extraordinary to report; I chose not to exercise the project steps due to time constraints
Communication on certain NAAN assignment process		all: will pilot communicating via github issue comments bm: I can start doing this with my curation duties this month mg: it can be independent of the project boards jk: I will practice after the meeting by clearing up the issues that piled up in my curation month To adress issues of all kind (technical, or eligibility or else), the Github team group offers a way to notify the whole group @CDLIC3/naan-registry with a link to the specific request
In the coming weeks, if ARKA were to establish a Mastodon presence, is fosstodon.org a suitable server to start with? See email of Jan 18. • please comment by Jan 24		jk: I established an account at fosstodon, which has a code of conduct similar to ours and a mission "free and open source software" that overlaps with the ARK mission of openness https://digipres.club/about/more : 500+ members interested in Digital Preservation (including Bertrand Caron) bc: I made the migration to digipres, which might be a server to consider https://digipres.club/about/more
Action items from last time • John Kunze clarify and revise the checklist and policy docs to guide curators on use and encouragement of shoulders instead of NAANs; ask rv for feedback		not done
