

# Fedora Tech Meeting - Rotating Meeting Chair Schedule

The weekly Fedora Tech Meeting is chaired by a rotating member of the tech team, and notes are taken and updated in the wiki by another rotating individual from the team. The following is a list of the most frequent members in attendance, to date, and this list is used to generate the current rotating schedule.

If an assigned team member will be absent or unable to chair their assigned meeting, we ask that the team member tries to find an alternate. In the event that they are unable to do so, a member of the Fedora Program team will act as meeting Chair.

## Team Members - Rotating Chair & Note Taker

The rotating schedule will follow this order, moving down one team member each week.
