Agenda & Notes

- Update from Leadership Group:
 - [VIVO Leadership Group](#) has (re-)elected officers
 - Bryan Cooper (Chair)
 - Brian Lowe (Vice Chair)
 - Terrie Wheeler (Treasurer)
- VIVO Ontology Release planned for 28 Feb 2024 - [Brian Lowe](#) / [Christian Hauschke](#)
 - It would be beneficial for the release to contain a pom file for building the Maven artifact. This should be solved first.
- Publishing and validating ontologies, the TS workflow - Susanne Arndt (TIB, <https://vivo.tib.eu/fis/display/n1244>)
Slides: [2024-02-07 Ontology Metadata And Ontology Publishing At TIB Terminology Service - Susanne Arndt.pptx](#)
 - Publication of vocabularies in the TIB terminology service- <https://terminology.tib.eu/ts>
 - Ontology metadata is very heterogenous, and often times not very good
 - different initiatives to improve ontology metadata
 - "FAIR semantic resources"
 - Ontology validation with SHACL
 - <https://pad.gwdg.de/wl227domTnKLAamGFPuqfmQ?view#>
 - **Decision: We want to improve the VIVO Ontology metadata based on Susanne's suggestion.** [Tatiana Walther](#) and [Christian Hauschke](#) will create github issues and make a suggestion
- Open Access Ontology for VIVO - [Tatiana Walther](#) / [Christian Hauschke](#)
 - **Decision: New ontologies or ontology modules should generally be published in <https://github.com/vivo-community> first**, then discussion if it should be included in <https://github.com/vivo-ontologies>.
- Next meeting: "Automatized ontology publishing with ODK in Github on the example of <https://github.com/NFDI4Chem/VibrationalSpectroscopyOntology>" 2024-02-21 Ontology Interest Group Call with [Philip Strömert](#)
