

# Stats/Metrics - Clearly identify whether statistics counts apply to an object or to an object and its descendants

Title (Goal)	Statistics: Clearly identify whether statistics counts apply to an object or to an object and its descendants
Primary Actor	Collection Owner
Scope	
Level	
Story (A paragraph or two describing what happens)	As a collection owner viewing usage statistics, I would like to clear understand whether a statistic applies to a specific object or if it applies to an object and all of its descendants.
