## Ticket Summaries

1. Please squash a bug!

type	key	summary	assignee	reporter	priority	status	resolution	created	updated	due
------	-----	---------	----------	----------	----------	--------	------------	---------	---------	-----

Unable to locate Jira server for this macro. It may be due to Application Link configuration.

## 2. Tickets resolved this week:

type	key	summary	assignee	reporter	priority	status	resolution	created	updated	due
------	-----	---------	----------	----------	----------	--------	------------	---------	---------	-----

Unable to locate Jira server for this macro. It may be due to Application Link configuration.

## 3. Tickets created this week:

type	key	summary	assignee	reporter	priority	status	resolution	created	updated	due
------	-----	---------	----------	----------	----------	--------	------------	---------	---------	-----

Unable to locate Jira server for this macro. It may be due to Application Link configuration.

# Minutes

## 1. E-Tags

- [tamsin johnson](#) moved the discussion up to the LDP Next community on the mailing list. [Benjamin Armintor](#) replied, but nothing further.
- [A. Soroka](#) : I've been told that this is not surprising, and we may not get a response. This was a blocker for an earlier release candidate, but due to the spec conflict is this really a blocker?
- [Fermé Cowles](#) : we should go ahead with the release, and inform clients that they should not use the If-Match Header for the time being
- Unable to locate Jira server for this macro. It may be due to Application Link configuration.

 : Actually the headers are

- Unable to locate Jira server for this macro. It may be due to Application Link configuration.

 : Different options for dealing  
ion refactoring and a very  
experimental branch for refactoring container membership triple generation.

## 3. Fedora Value Propositioning

- Go to the [link](#) and vote. It is an exercise to see what Fedora stakeholders think are the most important aspects are. Comments go under "Pros & Cons", but the heading is less important and will be reviewed individually.

## 4. Tickets...

- No one has any concerns or needs for the in-flight tickets.
