Announcements

- **Save the Date! VIVO 2017 August 2-5, New York City.** The 2017 VIVO Conference will be held at Weill Cornell Medical College, August 2-4, 2017. Alex Viggio is Conference Chair. Violeta Ilik is Program Chair.
- **Would you like to help plan the conference?** The VIVO 2017 Conference Planning Task Force is looking for you. Please contact any of the task force members if you would like to help.
- **Ontology Diagrams Updated** The VIVO 1.9.x Documentation has been updated with new ontology diagrams. See Ontology Diagrams. The new diagrams focus on implementation, with entity models for each of the kinds of things VIVO sites typically want to add. Diagrams use a consistent style and attempt to show the location of literal values that sites want to add to their VIVOs.
- **VIVO 1.9.1 update.** Downloads are available on the GitHub release page. VIVO 1.9.1 is a minor release that addresses a few small issues with compiling any deploying VIVO on Windows platforms. It also has a small tweak to improve the responsiveness of the capability map in some scenarios, and adds support for Turtle files to the file graph loader. Finally, improvements have been made to the schema.org markup on profile pages, to improve Google's indexing of structured content.
