Release Manager

- Nick Ruest, York University

Developers

- [Elliot Metsger](#), Johns Hopkins University
- [Andrew Woods](#), DuraSpace
- [Nick Ruest](#), York University

Issue Reporters

- Aaron Birkland
- Stefano Cossu
- Andrew Woods

Summary

The Fedora 4.6.2 patch release is a backwards compatible refinement of the previous release, focused on:

1. Eliminating any possibility of security concerns related to underlying library vulnerabilities
2. Resolving the issue where references to child resources of a deleted container were not being deleted
3. Correcting HTTP interaction when response is "304 Not Modified"
