

How to Inspect Event Messages Generated by Fedora

If you're interested in a simple way to look at messages by fedora you can use the attached python script.

Step 1: setup python dependencies

```
pip install stomp.py
```

Step 2: run fedora

```
java -jar fcrepo-webapp-{fcrepo-version}-jetty-console.jar
```

Step 3: run self-executing [listener.py](#) script

```
python listener.py
```
