## Notes

Tim presented the DSpace 7 status.

### A Future comparison table of DSpace and Digital Commons Bepress

- Should include features and functionality of both systems
- discussed as a way to highlight desirable Bepress features that might be replicable in future DSpace releases.
  - This comparison will not be part of the current What's in DSpace 7 doc
  - Should include features, what they expose, features that are missing
  - Example of a Bepress comparison from the Samvera community (incomplete): [Digital Commons Feature Matrix](#)
  - Felicity has contacts who are Bepress users who might be willing to work with us

### Schedule for release of What's in DSpace 7

- José Carvalho is scheduled to review "What's in DSpace 7" <https://goo.gl/RZ2C3P> at the upcoming DCAT meeting
- Feedback from DCAT will be included in the doc
- Document will be approved at the Outreach Meeting, on 28 March
- Likely release late March
